

**Your webmaster, Mike Arlow, makes it his business to visit his classmates when able. Along with his wife, Julia Despres, they fly in Mike's airplane, coast-to-coast and border to border, to maintain relationships with friends, classmates, and relatives. During these travels, Mike and Julia document their encounters in the form of travelogues. Since classmates are often visited, the entire classmate roster will be included in future travelogues. A few photos follow.**
